General Forrest on the Situation

[From the New York Tribune May 26

General N B Forrest the hero of Fort Pillow has written a letter protesting manfully and fiercely against any exclusion from Democratic leadership of its fellow soldiers in the rebel armies during the late unpleasantness He thinks (and so do we) that such exclusion would parallel a performance of the tragedy of Hamlet with the part of Hamlet omitted His letter is so pertinent and characteristic that we make room for it entire—as follows

To the Editors of the Memphis *Appeal*—Gents An influence is at work in this State as I have discovered since my departure from Memphis to preclude any participation by the Confederate soldiers in the coming Convention of the Democracy of Tennessee to be held at Nashville on the 9th of June and in the National Democratic Convention to be held in New York on the 4th of July

It does not seem unto a purpose to arbitrarily do this thing, but is felt in efforts to induce everyone who took any part in the recent struggle of the Confederacy for independence, to decline attending at the assemblies, upon pretended grounds of expediency and to submit the representation of Tennessee at New York to men who are known to be for the Union

Upon consultation with many of my late associates in the war I have concluded to advise against any further emasculations of ourselves in the party movements of the State

We are already sufficiently proscribed in the Constitution and statutes which now govern the State against our consent, the proscription of which has, through the mendacious hostility of our legislative enemies, been added to time and again until now we barely live under the accumulated weight of disfranchisement and oppression Shall we superadd, by our own action, to those proscriptions and exorcisms of ourselves from all participation in the assemblies of the State and National Democracy and publish to the world a confession that we are too unworthy to intrude ourselves into the council of the party? The National Democratic party, through its committee have invited us to take part in the Convention which is to assemble at New York on the 4th of July It proscribes no test oaths no qualifications dependent upon the part we have taken in the late war; but like a true constitutional party it opens its doors and invites all who may choose to come, without reference to the past To suggest, then an answer to so catholic an invitation that we, who are the true representatives of the greater portion of the Constitution men of the States, feel ourselves unworthy to soil the deliberations of that Convention, with our presence would exhibit us in an attitude of servile degradation that I trust we have not reached as yet In this view of the case then, it is my advice (given from a sense of duty, and against a reluctance which is adverse to any personal display of myself in a matter of this kind), to all my comrades to participate in the county meetings, and to send up full delegations to Nashville on the 9th of June, composed of good and true men without reference to the divisions which were made by the war

The only hope of a restoration of a good government in this country is the success of the National Democracy in the next Presidential campaign I trust my late comrades will not, from expediency or other motives, absent themselves from a participation in the political exercises which are to result in the choice of standard bearers, made with a view to so patriotic and desirable an end So far as I am personally concerned, I have no desire to take any part in politics nor to occupy any political position whatever, but I do not wish to see my State represented by men whose only claim to public favor is the dexterity with which they took either side of the question in the late war, as interest dictated, and who bank upon it as their only capital for popular support N B FORREST

Nashville, Friday, May 15, 1868

Modesty, we believe, was never General Forrest's strong point, and we think he rather overdoes the matter when he speaks of himself and his paroled brethren as "we who are the true representatives of the greater portion of the true Constitution men of the States" but then the General is sincere in asserting that the "only hope of a restoration" of what he and his confederates regard as "good government" is "the success of the national Democracy in the next Presidential campaign" Such was their "only hope" in 1864, and it failed them, it is their "only hope" now, and they are doomed to another disappointment. Yet we entirely agree in his position that the rebel armies of 1861 5 ought to be fully and proudly represented in every Democratic Convention—local State or National If the party is to make any show next fall in the South, it must make it by the exertions and votes of the rebel soldiers, and why should they not be allowed to help nominate candidates who would have no shadow of chance without them? Nothing is to be gained by concealment or equivocation on this head, and nothing is to be lost by putting a bold face on the matter We assure General Forrest that a large majority of the American people would rather be ruled by Southern rebels than by Northern Copperheads—by General R E Lee than by General F Pierce, for example.

But General Forrest does not cover the whole ground In the late struggle in Georgia, the National Democracy made strong appeals and fair promises to the blacks, and thus secured the votes of some thousands of them Why not insist that they, too shall have a fair show in Democratic Conventions? We like General Forrest s principles so well that we could wish to have them consistently heeded And if there be (as we have seen stoutly asserted) living specimens of that *rara avis*, a "Secesh nigger" to be found in the South we suggest that one of them should be sent to the Democratic National Convention which will inaugurate our new Tammany Hall on the 4th of July next It is constantly urged in the Democratic organs (wisely we judge) that the party must shed its old skin and stand forth progressive, illumined and ready to keep abreast with the times, unless it is content to remain forever out of power Let it "conquer its prejudices," then, and send us at least a graft from one of its "first families" on an African stock, as a representative of Renovated Georgia or South Carolina in the approaching Sanhedrim We have had talk enough of Democratic progress and recognition of accomplished facts, now let us see these words translated into deeds!

The Oregon Railroad —The Yreka *Journal* 12th inst says

The first mortgage or deed of trust from the California and Oregon Railroad Company, for the California branch, to David S. Dodge and Eugene Kelly, of New York as Trustees, has been filed in the County Clerk s office of this city The bond or mortgage is equal in amount to forty bonds, or $40 000 per mile, provided the entire road is built but allows only thirty bonds per mile for the first 150 miles of road, payable within twenty years from the first of January 1868, with interest at six per cent per annum, principal and interest payable in gold coin and the interest to be paid semi annually The conditions are that the road shall be built from the Central Pacific railroad in the Sacramento Valley to the southern boundary of Oregon, and the distance is estimated at 313 miles The mortgage of the company to its Trustees is their capital to commence with and the extra $10 000 per mile for the full completion of the road is offered as an inducement to finish it through the more difficult portion of the route towards the Oregon line Judging from the indications presented in this bond on record, it appears to us that there is no doubt but what the road will run as originally surveyed, via Soda Springs and Yreka At what particular point it will be joined by the Oregon branch, we cannot say, but suppose it will be over the Siskiyou Mountain. The bond on record is a very lengthy document, and includes in its provisions all the State and United States franchises, which positively state that this road shall be built through the Sacramento and Shasta Valleys in California, and the Rogue river Umpqua and Willamette Valleys in Oregon The distance of 313 miles from the Central Pacific railroad in the Sacramento Valley to the Oregon line is also about the exact distance of the Elliott survey via Yreka

A contemporary says the Democratic party is made up of all the odds and ends of treason —Copperheads, draft-shirkers, repudiators leaders of riots, blockade-runners and open rebels who boldly took a hand in the fight, risked their lives and are really entitled to more respect than all the r...

Why Fessenden Grimes and Trumbull Voted to Acquit the President

The *Iowa Age* furnishes forth the following remarkable explanation or theory of the vote delivered by Fessenden Grimes and Trumbull upon impeachment

What is the explanation of the fact, as extraordinary as it was unlooked for that certain leading Republican Senators who had enacted the law which Andrew Johnson violated and had recorded their emphatic condemnation of that violation should at the last moment change their minds and hold him just fied and themselves condemned? Some motive of most constraining power must have impelled men of such wide and established reputation as Fessenden and Trumbull thus to stultify themselves and deceive and betray their party—some reason unseen and hitherto unthought of must have operated to work a change so radical and so unexpected We cannot say what the hidden springs of these men s action may have been We cannot think that lawyers so acute should thus recant their most deliberate recorded opinions—that statesmen so profound should thus abruptly change their solemnly avowed convictions—that legislators so wise should thus without a moment s premonition, suddenly reverse their policy—that men so cautious should thus rashly destroy their character for prudence and discretion except some most powerful incentive forced them on

What this incentive is, as we have said, we cannot say but we may surmise *We believe it proceeds from that deep and increasingly powerful conspiracy which now exists to place the industry of this country in the power of the manufacturers of Europe*

Everything indicates as we have so repeatedly shown the existence of a settled purpose to accomplish this result and we fear that the present attitude of the Senate is a new evidence and if so the most humiliating we have seen—of the influence of British Traders on the American Congress

It is true that Messrs Grimes and Trumbull are open and zealous advocates of British free trade It is true that Mr Fessenden has recently given unmistakable evidence of his apostasy from protection and may justly be suspected of an intention to betray the cause which was once confided to his care And it is a little singular that these should be the three Republican Senators who signalize themselves as the opponents of conviction.

They know the consistent and well defined record of Mr Wade, on the protection question, and they may fear that the influence of his administration would be brought to bear upon the defeat of the foreign scheme, to which we have alluded, and in their anxiety to prevent this result, they consented even to stultify themselves and acquit the President

We may, we think, assure these gentlemen, that if they hope, by the acquittal of Mr Johnson to secure the adoption of a free trade policy, or even an approach to a free trade policy by Congress, they will be disappointed, they will have sacrificed their honor and their reputation in vain And, on the other hand we think we may as certainly assure them that there is no purpose to make any changes in the Tariff Laws which will not meet the approval and support of that large majority of both Houses who ... in the last session of the last Congress for the modification then proposed. That immediate revision of the Tariff laws is necessary all agree, that such revision will secure a wise and practical adjustment, we have no doubt, and Senators Trumbull, G... and Fessenden mistake if they suppose that their short-sighted treachery can prevent it.

The most important interests of this country are not to be sacrificed to a foreign trade influence, nor to be held subject to the will of even such distinguished gentlemen as Messrs Trumbull, Grimes and Fessenden

Why are the Irish Democrats?

This question is propounded and answered at ... length by the *Irish R...* of the 9th inst. The substance of its answer is, that in its youth and manhood, the party, in the judgment of the editor, was the party of progress and freedom "It was," the *Republic* ..., "in its early ... times the Irish joined it, and ... changeless, they have failed to understand how the principles of one generation ... will not suit for the next, especially in a progressive age like this, and among a progressive people like the Americans Unfortunately for Ireland and her people, we are always content with things as our fathers left them. We venerate all old things with ..., and look upon men who are not content with a Constitution framed in another age and by a generation ... by old institutions, as fanatics Iconoclasts who are going around smashing the brazen ... of the past, we look upon them with awe and hatred even though those idols are pressing down the world, and we ourselves are groaning beneath their weight, while protecting their sacred rights.'

This is not the whole of it, still it is the truth as far as it goes The mass of our foreign born citizens are sincerely patriotic, but it is not strange if many of them are duped by wily demagogues. Unused to the arts of politicians, they are more easily led captive than those who have always breathed the air of republicanism

If the Catholic Irish, "who vote in nine cases out of ten the Democratic ticket, would but examine the cardinal doctrines of the two parties they would see that no good Catholic can consistently vote with the Copperheads The Republican party maintain the brotherhood of man, and insists that equal rights shall be accorded to all and so does the Church This is one of the foundation stones of Christianity, and no branch of the Church holds it more faithfully than the Roman Catholic In chapel and cathedral, in every part of the Catholic world we find high and low bowing together around one common altar, celebrating the dying love and redeeming grace of a common Savior What would be thought of an ecclesiastic who should maintain "this is a white man s religion? For white men only, did Jesus and the fathers suffer martyrdom." Such a man would be at once excommunicated for teaching the doctrine of devils" If this doctrine is abhorrent to true Catholicism, why are the Irish Democrats? This inconsistency cannot be permanent If the priests encourage their people to repudiate Catholicism in politics, it will not be long before the people will do so in religion also

We commend this suggestion to that great Paulist Father Hecker, now in our midst.—*Chicago Journal.*

Effects of Democratic Legislation.—The Nevada *Gazette* notices two ... outrages upon the Chinese in that part of the State by white robbers and murderers In one of these, three Chinese were robbed of $30 One of them was killed in the act of robbing him, and the others are so badly hurt that their lives are despaired of In the other outrages a Chinaman was hung The *Gazette* thinks the perpetrators of these cowardly crimes are white loafers who infest whisky shops and have no other way of making a living. It favors Vigilance Committees to rid the country of the pests, inasmuch as the late Democratic Assembly encouraged their vocation by offering the premium of immunity from punishment in the regular Courts of law We suppose if Vigilance Committees should proceed to try and hang the scoundrels the Democratic leaders would set up a loud cry of persecution against their party and proceed to make votes among the ignorant and prejudiced on the plea of martyrdom —*Sacramento Union*

Costly Publication — "Mack the Washington correspondent of the Cincinnati *Commercial* says the public printing office has just turned out one of the finest pieces of typographical workmanship ever executed in this country It is a volume of nine hundred and sixty pages about the size of a large pulpit or family Bible bound in the highest style of Turkey morocco, and costing thirty-seven dollars a volume Its contents are the expressions of condolence, abroad and at home on the death of President Lincoln It embraces everything on the subject, from Queen Victoria s letter, to the resolutions of a town meeting in Boone county, Missouri It is further stated that the amount of money expended upon this work exceeds $100 000

Magnanimous Patriots

Wade Hampton is the *beau ideal* of Southern "Democratic chivalry In one of his recent speeches before a South Carolina Convention he laid down the rebel Democratic idea of reconstruction with remarkable clearness 'I claim said he, that we have rights in the Union When we laid down our arms I was willing to see the Union restored and when our States were restored *our people would endeavor to forgive, if not forget the past."* Could anything be more frosty than that? Traitors who had without cause or provocation fought for years to destroy the Government, assuming the air of injured patriots, and with gracious magnanimity declaring that though they could not forget the past, they would endeavor to *forgive* those who had preserved the country in spite of their own traitorous efforts to bring it to destruction! And the terms on which they would condescend to forgive the nation's preservers what are they? This model 'Democrat tells us That they shall have "rights in the Union and power to control the country which their parricidal arms failed to destroy 'I fear, said he, "that our people have been too ready to yield concessions.' How beautifully these words befit the mouth of a disarmed rebel who resisted so long as there was hope for the rebel cause, and then "yielded concessions' by accepting the clemency of the Government! The brazen ...ance of this class of men is astounding And the Democrats of the North are sti... encouraging and aiding them to mai... their impudent pretensions

As we have quoted this "Democratic leader on rebel rights, and as he is so high an authority in his party, we will also quote him on negro suffrage. In the same speech he said

I recently met two gentlemen from parishes in Louisiana, which contained large colored majorities, who stated that the colored people had been greatly informed of the position they occupied and the consequence was that in one of those parishes there were 300 majority for the Democrats, and in the other 500. Let the colored man be told God's truth that if he expects to escape the fate of the Indian he must go in with the Democratic party. Nearly a year ago, by special request, I addressed the colored people at a meeting in this town, and I told them that I was willing to extend to them an educational and property qualification. The colored men have not, it is true, carried out the views they then expressed, they would not meet us half way Many have been led off Now, we could turn our backs upon the unfortunate colored men, and tell them we would have nothing to do with them, but that should not be the ... This matter should be settled by the Democratic ... to meet in New York.

A. J. ... in his Glory.

The following is a Washington telegram of June 4th:

... the National Typographical Union was received by the President in the east room. Robert McKechnie, President of the Union, alluded to Mr Johnson's elevation from ... as the glorious result of democratic institutions.

Mr. Johnson made a lengthy reply He said it was ... for him to speak, as he had just been ... for making a speech in that room, and for only exercising the rights belonging to every private citizen. He had been brought to trial, but that had passed, and he would not refer to it. He avowed himself a democrat, and said he ... the happiest hours of his life when a journeyman mechanic, that he always did his work well, and felt proud that in everything he had ... he had tried to excel, and had been invariably successful The members were each ... after the speech-making.

How characteristic of Johnson are these ... and demagogical remarks. He had been ... for exercising his right to make speeches, yet he "wouldn't refer to it' Oh, no! "He avowed himself a Democrat," an avowal which he distinctly refused to make when he was getting up his Philadelphia Convention He said on that occasion that he "knew the Democratic party thoroughly—it had ... disloyal to the country while engaged ..., and did not deserve the confidence of the people." Having become a Democrat, the inference is natural that he is quite as "...loyal" as that party, and as little ... of the confidence of the people Nothing but a fellow feeling could make him so ... kind

... of the Union

The State of Arkansas is fully restored to her relations with the Government of the Union Her government has been recognized by Congress, and her Senators and Representatives are admitted into the respective Houses Within ten days from this time five more of the revolted States, viz North Carolina, South Carolina, Georgia, Florida and Alabama, will come in. Louisiana will follow without delay, as her new Constitution has been ratified by the voice of the people But three of the seceded States will then remain to be restored, viz. Virginia Mississippi and Texas; and there is a probability that these will be brought back before the adjournment of Congress Reconstruction on the plan proposed by Congress is therefore successful The adoption of the fourteenth amendment to the National Constitution is assured, and it will be unnecessary for the reactionists in the Oregon Legislature to give themselves any trouble about taking it back The Union party is fulfilling its pledge to restore the Union This result would have been accomplished long ago but for the opposition and obstinacy of an Accidental Executive Let it be observed that the Democrats in Congress are protesting against the restoration of the Union. Is it difficult to decide which is the Union party?

Schuyler Colfax comes of good Revolutionary stock. His grandfather General William Colfax, was the commanding officer of General Washington's Life Guards throughout the struggle for National existence. His grandmother was Hester Schuyler a cousin of General Philip Schuyler

STATE ITEMS

Work in quartz is lively in Southern Oregon The *Reveille* gives a list of several ledges which are being worked with paying results

The *Journal* says that Eugene City bears evident signs of improvement A large force of men are working on brick buildings in course of erection

The Corvallis paper says the contract for carrying the mail from that place to Yaquina has been let. The service will be weekly in winter and tri-weekly in summer

A firm in Jacksonville lately sent thirty thousand pounds of wool, by wagons, to Oregon City for shipment to San Francisco Southern Oregon will soon be prepared to work up its own wool.

POLITICAL ITEMS

The Decatur (Ala) *Republican* says, if Alabama is admitted and has a reasonable show she is just as certain to go Republican next fall as old Massachusetts

The New York *Tribune* and *Sun* concur in saying that the Democrats will repeal the rule by which, since in 1844, a two-thirds vote is required to nominate a Presidential candidate

The *N... Intelligencer*, President Johnson's organ, has discovered a 'yearning of the people for Chief Justice Chase for President Other folks have discovered a stronger yearning for Gen Grant

The New York *Sun* says that the nomination of Chase has become a necessity to the Democracy as the boy digging for the woodchuck remarked 'Yes sirree! I must have him! we're out of meat."

The Springfield *Republican* avers that there are 'thousands of Democrats who, notwithstanding the clamor against military Presidents like a General who knows and minds his own business better than a Chief Justice that don't'

The New York correspondent of the Chicago *Journal* has it from undoubted authority that Chief Justice Chase will stand upon any platform the Democratic Convention can construct with the sole proviso that a plank is incorporated recognizing slavery as dead

The Richmond *Enquirer* insists that the Democrats take a civilian for Presidential candidate 'We must have," it says, "in order to stand any chance, we must have our strongest man—we must have our strongest issue That issue is the greenback issue, that man is George H Pendleton!'

The Richmond *Dispatch* thinks the chance of harmonizing the two wings of the Democratic party is almost hopeless It says the War Democrats would vote for General Grant rather than for Pendleton, and the Copperheads or Peace Democrats would rather that Grant should be elected than Hancock

An advance of from two to five per cent has taken place in Government securities since the Chicago nominations were made This indicates pretty clearly a conviction on the part of the public not only that Grant and Colfax will be elected but that the resolution in the platform to which they have given their adherence respecting the public debt, assures its payment in good faith

The office seekers, who left Mr Johnson carefully alone during the progress of the impeachment trial, have returned more thickly than before, and plague him worse than ever Some of them, who even went to licking Wade's boots while there was a probability that they would get into the White House, have come back to Johnson with the readiest alacrity, not at all abashed by the little episode

The Pendleton army from Cincinnati are going down to the New York Convention, one thousand strong, uniformed in military costume, and accompanied by a band of forty pieces They will try and carry the Convention to the nomination of their favorite, by sheer force of enthusiasm and noise Military costume is good enough in its way and may suit the Pendletonians in these piping times of peace, but few of his followers were willing to wear the army blue, four or five years ago

"The Grove of Academe"

[From the Forest Grove Monthly for June]

Have you ever been to Forest Grove, our location? It is one of the most beautiful sites in Oregon It stands on two hills of gentle slope, over against each other, both commanding a common view Eastward, and each its own besides, the one to the North and the other to the South, with a background of oak forests and mountains covered with firs You may stand on the College grounds and look Eastward across the plain—over the timber—over the Portland hills, to the distant Cascade range, and rest your vision on the eternal hills—Mt Hood, Mt St Helens and Jefferson. Looking Northward, you will see wide fields green with luxuriant grain. Over intercepting skirtings of timber, afar off, are the Columbia hills, gently sloping to their summits, 25 miles away Northwest and West, Gale's Peak, and yet nameless other peaks, rise at hand—the scene of summer pic-nics and rambles—where the wildest of gorges, the grandest of forests—and wide-stretching views over distant plains, and the valley nestling at its feet repay the toil of the ascent. There never was a spot more meet, consecrated to the Muses, than our chosen FOREST GROVE.

Here studious youth who are bent on the noblest pursuits in life—wisely desiring that preparation that is needful to the highest success rather than without it to hazard the waste and loss and failure of life—may discipline their faculties and strengthen their minds with those principles that will serve them all their lives long. There is no more practical use of the years of early manhood, than in study. It is a popular error that collegiate culture is not of real every day utility in life—but this runs into too high an argument for the present. We take it for granted that a College course of study is desirable—Tualatin Academy and Pacific University, were founded to meet this acknowledged want of our youth, and the place is suited to the work—if you doubt it, come and see.

The Flow of Immigration

[From the San Francisco Bulletin, June 17th]

Although the Isthmus steamers are not bringing so many passengers to this city as they were last month, the number is still hard on to 1,000 a week against 500 or 600 departures, and there is no reason to think the proportionate gain of population from this source will be lessened for some months to come Meanwhile, a considerable overland immigration is setting in We read of the departure from Cheyenne, on the line of the Union Pacific Railroad, recently, of 15 emigrant wagons, belonging to parties from Iowa and Missouri, bound for California. The journals published on the Plains record the passage of several trains in this direction, the earliest of the season. Several Atlantic journals have noticed a disposition to emigrate to California, and perhaps the best proof of it is to be found in the absurd stat... ...ring that every avenue of employment here is overcrowded, which are as untrue as those going to the other extreme, criticised in our last issue We notice a statement that 200 persons in Connecticut, who have been thrown out of employment by the stoppage of factories, are coming to California and Oregon A large share of the steady influx of population to be expected henceforth on this coast will be provided for by the railroad and land companies, whose interests all lie in locating settlers upon farming lands on terms advantageous to both parties

Speaking of the great mortality among children in San Francisco—and that city is known upon this coast as the slaughter house of the innocents—the *Bulletin* says

'The fact that in so naturally a healthy climate as that of San Francisco thirty seven infants died in one week is a disgrace to those who had the care of them If children were more looked after, if their food was more wisely selected and their bodies clothed with more regard to the rapid changes of the thermometer, there would be fewer deaths of this class by one-half Of course there are other causes besides the neglect of parents Want of sewerage undrained houses and ill ventilated sleeping apartment have something to do with this excessive mortality rate among young people, as among others'

PLAIN SPEECH —For plainness of speech, a series of resolutions offered at a late meeting of the Anti Slavery Society at Boston by Wendell Phillips may be allowed to bear off the palm Here is the second resolve

Resolved, That in the drunken man, the dishonored magistrate, the treacherous chief, the stirrer up of sedition, the mobocrat the patron of counterfeiters, the pardoner of murderers, the usurper of dangerous powers, the conspirator against the peace of the nation and the execution of its laws, the libeler of Congress, consorting with rebels in all these nation finds a President guilty of high crimes and misdemeanor, and recognises in those who vote him innocent only his comrades or tools

The *Revolution* stated that Lisle Lester was the original 'Mrs. Bloomer" Lisle now drops her *nom de plume* and proclaims herself Mrs L P Higbee and disclaims short dress notoriety

COUNCIL PROCEEDINGS —The Common Council of the City of Portland met on Thursday evening, June 25th, 1868 His Honor, Hamilton Boyd, Mayor elect occupied the Chair and called the Board to order The roll was then called by the Clerk

Present—Councilmen Besser, Breck Cree Fechheimer, Hallock, Hopkins, Porter and Ripley—8

Absent—Councilman Burch

The minutes of the special meeting of Monday evening, June 22, 1868, was read by the Clerk and approved by the Board

Councilman Burch appeared and took his seat

MESSAGE FROM THE MAYOR

The annual message from his Honor the Mayor was received and read, and on motion of Councilman Hallock, the Clerk was directed to furnish a copy of the message to each of the daily papers, and after that, that it be referred to a special committee carried

PORTLAND, June 25, 1868

To the Honorable Common Council

GENTLEMEN I enter upon the discharge of the duties of my office duly impressed with a sense of the responsibility connected with it, and of my utter powerlessness to accomplish any good for the people who have chosen me for the chief executive officer of the city, except with and through your hearty co operation.

I begin my duties with a firm determination to use all the powers with which I am invested under our charter, and to exert to the uttermost all my ability and energy in an earnest and untiring effort to advance the interests and prosperity of our citizens

SEWERS

A regular system of sewerage should be devised and adopted previous to the further improvement of the streets.

SANITARY REGULATIONS

I earnestly recommend the adoption of such measures as will protect the health of our citizens and secure them from sickness throughout the city. One very great, and, in my opinion, just cause for complaint is the immense amount of filth and stagnant water which is suffered to accumulate under and in the rear of very many tenements ... in the heart of the city, thereby converting those localities into one vast open sewer

All violations of sanitary regulations should be ... and ... cancers, and the Marshal authorized to summarily arrest each and every person ... therein

CITY JAIL BUILDING.

This is really a disgrace to our city, and in its present condition unfit for any purpose I would suggest for your consideration that the property be sold, a suitable site purchased and a building erected thereon capable of accommodating all the wants of the city government.

REPAIRS AND SUPPLIES.

All work for, or supplies required by the city so far as practicable, should be let to the lowest bidder, after due advertisement, thereby insuring ... and affording each member of the community an opportunity to compete therefor.

CITY OFFICERS.

While I am in favor of liberal compensation to each and all the employees of the city, I shall ... a faithful and prompt discharge of their ... duties, each must labor incessantly and vigilantly for the public good, rather overstepping than falling short of his duties as defined by law

In conclusion, gentlemen, let us remember that we are the servants of the people, not their masters. If we serve them faithfully with an eye single to the general good, when we shall have ... our task and return again into the walks of private life, we shall be welcomed with that highest of all commendations, "well done thou good and faithful servants"

HAMILTON BOYD, Mayor.

PETITIONS.

... from Arthur Mallon, stating that he ... a notice from the City Marshal noti... him to remove ... fifty cords of wood on Sixth Park street, and asking permission to allow the wood to remain in said street during high water, was read and referred to Committee on ... and Public Property.

A petition was received and read from Joseph Kuett, praying for permission to reduce the width of the sidewalks at the foot of Stark street, in order that the ferry boat may have room to land during high water and on motion the prayer of ... was granted.

... from the Committee on Invitation for the celebration of the 4th of July, ... extending an invitation to the members of the Common Council and city officers generally, which was read, and on motion invitation ...

REPORTS OF OFFICERS.

GONE TO MOUNT HOOD —Mr Wm Keith the young California artist has gone to Mount Hood on a tour of observation preparatory to taking views of its scenery. That our readers may gain some idea in advance of what they may expect from the visit of Mr Keith to Oregon we copy a few of the briefest notices by California papers of his productions The *Alta* of April 30th 1867 said "A faithful and effective study, of Alameda oaks has been executed in water colors by Keith and may be seen at Snow & Roos It must ... the opinion we have ... more expressed of this talented artist The *California* of Dec 29th said ... He has a genuine feeling for color and ... with that nice attention to details which must come from continued ... and observation His pictures will challenge critical praise in a wider field than that in which he now labors We might add to these notices ... of others quite as favorable and flattering, but they are perhaps sufficient for the present

Very truly yours J H REED

HOSTETTER'S

CELEBRATED STOMACH BITTERS!

A Pure and Powerful Tonic,

Corrective and Alterative, of wonderful efficacy in Diseases of the

STOMACH, LIVER AND BOWELS.

PROTECTIVE PROPERTIES.

Prevents Fever and Ague and Billious R... Fever Fortifies the System against M... and the evil effects of unwholesome water, invigorates the organs of digestion and the bowels, Steadies the Nerves and tends to Prolong Life.

REMEDIAL PROPERTIES.

Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms, and all complaints of either sex arising from Bodily Weakness ... their inherent in the system or
PRODUCED BY SPECIAL CAUSES

NOTHING THAT IS NOT WHOLESOME, GENIAL, and restorative in its nature enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind; no deadly botanical element; no fiery excitant, but is a combination of the extracts of rare balsamic herbs and plants, with the purest and mildest of all diffusive stimulants

The weak stomach is rapidly invigorated and the appetite restored by this Tonic, and hence it works wonders in cases of Dyspepsia and in less confirmed forms of Indigestion Acting as a gentle and painless aperient as well as upon the liver it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs

Persons of feeble habit liable to Nervous Attacks Lowness of Spirits and Fits of Languor find prompt and permanent relief from the Bitters The testimony on this point is conclusive and from both sexes.

As a Genuine Tonic HOSTETTER S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated In cases of Constitutional Weakness Premature Decay and Debility and D... ... arising from old age, it exercises the electric influence In the convalescent stages of all diseases it operates as a delightful invigorant When the powers of nature are relaxed it operates to re-enforce and re establish them

Last but not least, it is the only safe stimulant, being manufactured from sound and innocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day

Democratic Principles—A Dialogue

A foreigner anxious to study the present condition of American politics recently inquired of a prominent Democrat what are the present principles of the Democratic party. The following dialogue ensued:

D. Why, the Democratic party has always been ... [illegible] ... principles ... from ... Constitution ... full

F. I have ... and ... the ... future ... triumph of the Government over the rebellion in the fifth year of the war must have obliged the Democratic party to admit that they were mistaken

D. Mistaken! Sir, the Democratic party was never mistaken. But on reflection I perceive that the present principles of the party are not stated in its platform. It is that this is a white man's country, that black men have no constitutional right to vote, especially in reconstructing the South in States and in human power to give them the right

F. You have heard of Noah Webster. Have you not?

D. Heard of him—yes, and he was not only the best lexicographer of the English language, but he was a straight out old fashioned Connecticut Democrat

F. Well, he defines a Democrat to be one who favors the extension of the right of suffrage to all classes of men. How is it that a man can be a Democrat solely because he opposes that doctrine?

D. Politics have changed since Webster's time. He did not regard negroes as men

F. Indeed! He defines a negro to be "one belonging to the black race of men"

D. Well, Webster is a mere pedagogue. Our statesmen have thought differently

F. Who are your statesmen?

D. Andrew Jackson and ...

F. But Jackson led the free negroes to the polls, and voted with them side by side

D. Oh, yes we would be perfectly willing to *lead* them to the polls, but the mischief is they wont be led. They march to the polls in platoons to vote against us. But this is not our principal point now that negro suffrage has prevailed all over the South. We have financial policies. The national bonds should be taxed, and what is left of their value after paying the tax should be paid in greenbacks

F. What is a greenback?

D. It is the promise of the United States to pay a certain sum of money without interest.

F. And are the greenbacks ever to be paid?

D. No, they are to circulate as currency

F. How long will they circulate as currency after it is announced that they are never to be paid? And how much will they be worth per dollar?

D. That's none of my business. The Black Republicans issued them, and they must take care of them.

F. But Democrats hold them, and I will suffer by their repudiation

D. Well, we'll consent to lose what we have in greenbacks in order to break down the aristocratic bondholders

F. Who are they?

D. The rich men, the Astors, the Stewarts &c

F. But I am told these men hold no bonds and that nearly all your bonds are owned, directly, by poor men

D. It must be mighty indirect, then. I'm sure I don't own any

F. Let us see. Have you any money in bank?

D. A little and my wife has a deposit in the savings banks, which she has saved from her cheese and butter.

F. You are both bondholders, then. Are your lives insured?

D. We have a policy on our house.

F. What, are you such aristocratic bondholders?

D. How is that?

F. Nearly all the national bonds owned in this country are held by the national banks, savings banks, life, fire, and marine insurance and trust companies. These companies in turn are merely agents for those who insure and deposit, and do business with them. In New York State the savings banks alone hold $40,000,000 in bonds. Those of Massachusetts $25,000,000, those of Rhode Island, $13,000,000, and including the other thirty four States, it is safe to say that their savings banks alone hold $300,000,000, and that these represent the savings of three millions of poor people. The number of depositors in New York and Massachusetts, together amount to 804,501 persons, all of whom are poor and their humble savings would be swept away by repudiating the national debt, one seventh of which is due to them

D. Is that so?

F. Moreover, the life and insurance companies of New York alone hold $66,000,000 in national bonds. How many should you estimate were held by the insurance companies of the entire country?

D. Perhaps $300,000,000 more. I don't know.

F. Nor I, but suppose it to be as you say. Now you know that the national banks own $340,000,000 in the bonds, and that the class who own and do business with these banks are not at all millionairs. They are well to do business men, and no more. About $500,000,000 of our bonds are held as investments in Germany, mainly by persons of moderate means who had faith in the stability of our Republican institutions. Besides there are all over the country, trust estates, and money of persons of moderate means, which have been invested directly in the bonds. The amount of these can hardly be less than $200,000,000. Here, then, we have a grand total of $1,740,000,000 of the interest-bearing portion of the national debt, which amounts to $2,000,500,000, belonging to people who can not be called capitalists, leaving, say $280,000,000 for the aristocratic bondholders.

D. Some of your figures rest upon supposition, but, as it is impossible to arrive at them by estimates from the facts actually known, Your statement is new to me, and I must think of it

F. Are there any other principles of the Democratic party on which you can give me any information

D. None at present —*Chicago Tribune*

WHO ARE THEY?—Who compose this miscalled Democratic party that has kept the nation in the throes of dissolution since the close of the war?

There is not a man in the land who raised his sword to strike down liberty that is not arrayed in its ranks!

There is not a man who secretly prayed and plotted for the success of the rebellion that is not a member of it? There is not a ruffian who roamed the cities of the North, when treason lifted its coward hand to stab the nation in the back—howling like a savage for blood, and murdering all who by their color or exalted principles his barbarian ferocity—but is a member of the party

THESE WHEELS, UNEQUALLED AND UNRIVALED in the United States or the world have been fully tested on this coast, many being in use at this date, driving all kinds of machinery. Saw Mills, Flour Mills, Quartz Mills Woolen Factories &c, &c

CAUTION.

To all whom it may concern. I hereby give notice that the so-called Shipley's Pacific Turbine Water Wheel is a direct infringement and copy of the James Leffel's American Double Turbine Water Wheel and its manufacture and use is hereby prohibited. Any person or persons making using, constructing or vending said Water Wheels make themselves liable to heavy damages and penalties. Parties interested will take notice for I shall prosecute said infringements to the utmost extent of the law

That all may know I mean what I say and am not playing *bluff* I give the following extract from a legal opinion on this subject from one of the most eminent Patent Attorneys in the United States

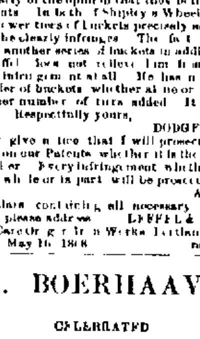

WASHINGTON, D C April 17 1868

"MR A. MYERS—In accordance with your request we have examined the patents of Shipley on Water Wheels and are clearly of the opinion that they both infringe the Leffel's patents. In both of Shipley's Wheels he uses the upper and lower tiers of buckets precisely as Leffel does and in this he clearly infringes. The fact that Shipley has applied another series of buckets in addition to those used by Leffel does not relieve him from the consequences of infringement at all. He has no right to use those two tier of buckets whether alone or with a third or any other number of tiers added. It is a clear infringement. Respectfully yours,
DODGE & MUNN

I hereby give notice that I will prosecute every infringement on our Patents whether it is the maker user buyer or seller. Every infringement whether our claims are used in whole or in part will be prosecuted

Horrible Diseases.

How many thousands of persons both male and female are there who are suffering out a miserable existence from the effects of secret indulgence or from virus absorbed into the system. Look at the pallid emaciated and disfigured faces and their broken-down constitutions disqualifying them for the happiness of marriage or the enjoyment of life. In this terrible situation thousands suffer until death closes the scene. Let parents guardians friends attend to those who are suffering with any of those horrible life destroying maladies see that they are cared for ... Dr Gibbon ... who has made private diseases his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted and to those who are interested in the welfare of their friends to be careful of the many pretended doctors who ... their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans

Seminal Weakness

Seminal Emission the consequence of self abuse. This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent producing with unerring certainty the following train of morbid symptoms unless combated by scientific medical measures viz: Sallow countenance dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves, ... of heart ... uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained should apply immediately either in person or by letter and have a cure effected by his new and scientific mode of treating this disease which never fails of effecting a quick and radical cure. Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco ... quacks.

MARRIED MEN.

Or those who contemplate marriage who are suffering under any of those fearful maladies should not forget the sacred responsibility resting upon them or delay to obtain immediate relief

DOCTOR GIBBON is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon, stating case symptoms length of time the disease has continued and have medicines promptly forwarded free from damage and curiosity to any part of the country with full and plain directions for use. For Ten Dollars sent in registered letter or through Wells Fargo & Co

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who with bogus certificates dupe the unwary. Some of the self styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen and because too lazy to work at their trades ... some are time ... makers newspaper carriers intelligence office keepers etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupation in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets, for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus titles certificates, pretended patients letters etc. Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure

INSTITUTE.

⁂ *CONSULTATION IN ALL CASES, FREE*

⁂ *CURES GUARANTEED, OR NO PAY REQUIRED.*

⁂ *IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED*

The above rules, established by Dr. J. C. Young in 1850, and which have done so much to secure the reputation of this Institute, are still adhered to, affording those in need of medical aid, the certainty of cure and the utmost confidence.

There is nothing of so great importance to the sick as to know where to find a physician whose skill and humanity give assurance of proper and delicate treatment. The Doctor would respectfully call the attention of those of both sexes who are suffering or in trouble to the invariable success that has marked the career of the Institute in the seventeen years of its existence.

It is unnecessary in this connection to enumerate all the complaints treated at the Institute, but the Doctor feels it his duty to call especial attention to that terrible scourge,

SEMINAL WEAKNESS,

That is sapping with its insidiousness the very life of its victims; in the treatment and cure of which the Institute has earned so enviable a reputation.
